BRAND INTRODUCTION

INDOTA originated from NWT, an IT group in the Czech Republic, with more than 100 high-end technical talents from all over the world. NWT has a history of more than 50 years, integrating the development, sales and after-sales service of IoT solutions. It is an important partner of large companies in developed EU countries such as Switzerland, Britain and Germany. With core agents and distributors established in more than 20 European countries, its sales channels are extensive and has close cooperation with governments and schools. In January 2010, European NWT invested US\$2 million to establish the European INDOTA Educational Technology Company. In October 2014, European INDOTA took the lead in establishing a domestic branch in China, namely Hebei Haishuo Network Technology Co., Ltd., dedicated to the development and sales of smart teaching systems and products.

Indota aims to make the learning environment more comfortable.

## INDEPENDENT LEARNING SPACE

### Mobile Independent Learning Space

Being alone is a way for us to remain calm in a chaotic and complex world. Independent learning space is very important. We need to learn to handle our emotions alone.

Independent learning space aims to create a mobile, independent and stress-free comfortable space. It can be used in teaching or business spaces and also can solve problems such as independent group study and thinking space. Mute and anti-interference, business applications meet the holding of private meetings or small and medium-sized meetings.
